2. It is proposed that Section VII, Clause 6 of the Code be amended to read as follows:

“Hats are allowed if the brim is worn forward and if it is logoed appropriately. Hats should be removed at the request of a staff members. ~~Hats should be removed before entering Chapel.~~ Brimless hats are also allowed. The hood portion of a sweatshirt may NOT be worn in class.”

### III. Biblical And Theological Support for the Amendment

As stated first and foremost in the Code, the school bases the Code “upon Biblical standards of modesty.” Therefore, throughout the discourse of this section, the justification and reasoning for each proposal shall be divided two-fold, (i) Biblical and Theological discussion of the nature of the proposal and (ii) consideration of current culture and potential broader impacts of the Amendment. All Bible verses are excerpted from the New American Standard Bible, 2020.

#### On Amendment Proposal 1:

The sole Bible verse which explicitly prohibits body piercings (in this instance men’s earrings specifically), as far as we know, is Leviticus 19:28 (“You shall not make any cuttings in your body (lit *flesh*) for the dead (lit *soul*), nor tattoo any marks on you: I am the LORD.”). However, not only does this verse merely refer to instances wherein the “cuttings” are “for the dead,” but the context of the verse specifically concerns Pagan religious rituals that are not in general deemed pertinent to modern principles of Christianity. Further, there is no mention or allusion to piercing in the New Testament.

As Scripture does not stipulate any laws prohibiting such and especially for adornment purposes, it should be dependent on each person to examine the reason for body piercings. Cultural connotations concerning males’ ear piercings have also changed drastically in the recent decades, with its implication of homosexuality or promiscuity, or the assumption thereof, no longer valid in modern days. We therefore propose that the restriction which appertains solely to male students be removed.

#### On Amendment Proposal 2:

In Scripture, Paul explicitly states that “... a man should not have his head covered, since he is the image and glory of God” (1 Corinthians 11:7) and questions, “[i]s it proper for a woman to pray to God *with her head* uncovered?” (1 Corinthians 11:13). Scholars, however, contend that the biblical notion of head coverings was regarded only as an outward, cultural symbol of an inward attitude of respect for God’s sovereignty. Thus, it is conclusive that the removal of head coverings in worship, prayers, or other religious activities of such nature is no more than a cultural means through which one displays respect and honor to God. “[I]t is possible for a man to wear a baseball cap in church and yet have a heart full of reverence and awe for the Lord. And it is also possible for a man to remove his hat in church yet disdain God in his soul.”

Whereas the removal of hats remains to communicate respect in modern days, the following should be noted in that the enforcement of the practice may not be prudent or considerate. First, such enforcement may convey to the student body the incorrect message that the practice is a Christian principle to be strictly adhered to under any and all circumstances. Second, given the diversity of our student community, this practice may be in conflict with students’ individual preference and/or cultural customs. The Student Council is aware that a current student who has permanent scarring on their head uses a hat to cover the scar at all time. In such instances, we hold that a justified reason should transcend the Code which is unfounded Biblically.

Additionally, Mrs. Strickland, E.A., current Bible Department Chair, has confirmed that the rule of interest has been officially repealed by the Bible Department as of 2019, no longer imposed upon students theretofore in practice, notwithstanding that the Clause remains present in the Code. The inconsistency between practice and the Code demands a resolution of the two, which the Student Council hereby asks that the School take into consideration.

#### Conclusion

“But the LORD said to Samuel, “Do not look at his appearance or at the height of his stature, because I have rejected him; *for God does not see as man sees, since man looks*

*at the outward appearance, but the LORD looks at the heart.”*

— 1 Samuel 16:7 (emphasis added)

This Amendment is proposed on the above Biblical basis and in consideration of the appeals of our student community. On the grounds of aforementioned reasoning, we ask that the School prudently consider this Amendment as well as the positive impacts the Amendment would bring about.
